

On Saturday 16th July 2022 I'm taking steps to transform the future for everyone affected by pancreatic cancer.

Please help me reach my fundraising goal!

Can **fund a nurse** on our support line.

Could help **fund the research breakthroughs** people with pancreatic cancer so desperately need.

Could fund half a day of training for a PhD student on our **Future Leaders Academy**.

Could **fund one day of research** for one of our Research Innovation Fund projects.
